

RAHUL KUMAR SHARMA

Java Full Stack Developer

♥ [Sarita Vihar, New Delhi](#) — ☎ [+91 8092563135](#) — ✉ rahulsharmaies22@gmail.com
🐙 [GitHub](#) — 💼 [LinkedIn](#) — 🚀 [HackerRank](#)

SUMMARY

Recent Computer Science graduate with practical experience in Java, Spring Boot, Spring Security, Spring Data JPA, Hibernate, MySQL, REST APIs, Maven, and Git. Experienced in developing backend and full-stack applications using MVC architecture, authentication, authorization, database integration, and CRUD operations. Demonstrated problem-solving ability through 300+ coding problems on HackerRank and hands-on academic/project work. Seeking an entry-level Java Full Stack Developer or Backend Developer opportunity to contribute to scalable and efficient software solutions.

SKILLS

Languages: Java, C, C++, MySQL

Frameworks/Libraries: Spring, Spring Boot, Spring Security, Spring Data JPA, Hibernate, JDBC

Frontend: HTML, CSS, JavaScript, Thyme leaf

Databases: MySQL, Oracle Database

Core CS: OOP, DSA, DBMS, Collections Framework, REST APIs, Exception Handling

Tools: Git, GitHub, Maven, VS Code, IntelliJ IDEA, Linux Fundamentals, Docker

PROJECTS

Food-Fiesta

April 2026 - June 2026

[Github](#) --Java, Spring Boot, Spring Security, Spring Data JPA, Hibernate, Maven

- Developed a full-stack food ordering platform using Java and Spring Boot.
- Designed and implemented more than 15 REST APIs for application functionality.
- Secured application endpoints using Spring Security and role-based authentication.
- Implemented MVC architecture with a layered backend structure for maintainability.
- Improved application performance and clean-code practices using Maven and exception handling.
- Managed more than 500 test records during application development and validation.

Student Application System

February 2026 - March 2026

[Github](#) — Java, Spring Boot, Spring Security, Spring Data JPA, Thymeleaf, Maven

- Built RESTful APIs for student data management covering Create, Read, Update, and Delete operations.
- Implemented authentication and authorization using Spring Security.
- Designed a responsive user interface using Thymeleaf.
- Integrated MySQL with Spring Data JPA for persistent application storage.

Hospital Management System (HMS)

November 2025 - December 2025

[Github](#) — Java, Oracle Database, JDBC, Swing

- Designed an interactive GUI using Java Swing for efficient user interaction.
- Implemented secure login and role-based access for system users.
- Developed modules for patient check-in/check-out, room allocation, and appointment management.
- Integrated Oracle Database using JDBC for CRUD operations and data persistence.
- Optimized SQL queries to improve data retrieval speed and overall system performance.

INTERNSHIP

Java Developer Intern (Online Internship)

Alido Tech — Bhopal, India

[Certificate](#)

- Participated in backend development activities as a Java Developer Intern.
- Worked with Java and Spring Boot in application development activities.
- Worked with MySQL databases for application data storage and integration.
- Applied object-oriented programming and exception-handling concepts in development tasks.
- Supported application development using practical Java, Spring Boot, and database knowledge.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

2022 - 2026

IES Institute of Technology and Management

CGPA: 8.1

Class XII

2020 - 2022

City College, Bihar School Examination

Percentage: 62.2%

Class X

2020

Goethals Public School, Pirpainti

CERTIFICATES

- **HackerRank:** Three Bronze level badges in problem solving in Java/C++ for solving 300+ problems - [Profile](#).
- **GeeksforGeeks:** Programming in Java, covering OOP and solving 50+ problems - [Certificate](#).
- **C/C++:** C/C++ programming language certificate from Sharma Computer Academy covering basics and fundamentals - [Certificate](#).
- **SQL:** SQL problem certificate - [Certificate](#).
